Summer
Reading
Program

June 18 to August 11

(Registration begins June 11 and ends July 21)

This eight-week program is for all children, birth through grade 6. Pre-readers can participate by having books read to them.

Participants will receive a reading log to record the number of books or minutes they read; they must bring the reading log with them each time they check in at the library.

Kids will collect stickers and small rewards, and will earn the chance to participate in a random drawing for a prize.
